Detailed Summary of A Slumber Did My Spirit Seal (200–250 Words)

A Slumber Did My Spirit Seal is a reflective poem by William Wordsworth included in **Class 9 NCERT English Beehive**. The poem is divided into two short stanzas but carries deep emotional meaning.

In the first stanza, the poet describes a state of emotional blindness or “slumber” in which he lived earlier. During this phase, he was so deeply in love that he failed to recognize the reality of death. He believed that the person he loved was beyond time and aging. This illusion protected him from fear and sorrow.

The second stanza presents a harsh contrast. The poet awakens from his emotional slumber and faces the painful truth. Lucy, the beloved figure, is dead. She has become a part of nature, merged with the earth’s natural elements like rocks, stones, and trees. She no longer feels human emotions or the passage of time.

Through *A Slumber Did My Spirit Seal*, Wordsworth conveys that death is a natural and unavoidable process. The poem reflects how humans often live in denial until reality forces awareness. The merging of Lucy with nature suggests the **eternity of nature** and the **temporary existence of human life**.

This poem teaches students to understand loss, acceptance, and the philosophical idea of life and death.
